Spalding's Athletic Library

A. G. SPALDING

Anticipating the present tendency of the American people toward a healthful method of living and enjoyment, Spalding's Athletic Library was established in 1892 for the purpose of encouraging athletics in every form, not only by publishing the official rules and records pertaining to the various pastimes, but also by instructing, until to-day Spalding's Athletic Library is unique in its own particular field and has been conceded the greatest educational series on athletic and physical training subjects that has ever been compiled.

The publication of a distinct series of books devoted to athletic sports and pastimes and designed to occupy the premier place in America in its class was an early idea of Mr. A. G. Spalding, who was one of the first in America to publish a handbook devoted to athletic sports, Spalding's Official Base Ball Guide being the initial

number, which was followed at intervals with other handbooks on the sports prominent in the '70s.

Spalding's Athletic Library has had the advice and counsel of Mr. A. G. Spalding in all of its undertakings, and particularly in all books devoted to the national game. This applies especially to Spalding's Official Base Ball Guide and Spalding's Official Base Ball Record, both of which receive the personal attention of Mr. A. G. Spalding, owing to his early connection with the game as the leading pitcher of the champion Boston and Chicago teams of 1872-76. His interest does not stop, however, with matters pertaining to base ball; there is not a sport that Mr. Spalding does not make it his business to become familiar with, and that the Library will always maintain its premier place, with Mr. Spalding's able counsel at hand, goes without saying.

The entire series since the issue of the first number has been under the direct personal supervision of Mr. James E. Sullivan, President of the American Sports Publishing Company, and the total series of consecutive numbers reach an aggregate of considerably over three hundred, included in which are many "annuals," that really constitute the history of their particular sport in America year by year, back copies of which are even now eagerly sought for, constituting as they do the really first authentic records of events and official rules that have ever been consecutively compiled.

When Spalding's Athletic Library was founded, seventeen years ago, track and field athletics were practically unknown outside the larger colleges and a few athletic clubs in the leading cities, which gave occasional meets, when an entry list of 250 competitors was a subject of comment; golf was known only by a comparatively few persons; lawn tennis had some vogue and base ball was practically the only established field

EDITORS OF SPALDING'S ATHLETIC LIBRARY

sport, and that in a professional way; basket ball had just been invented; athletics for the schoolboy—and schoolgirl—were almost unknown, and an advocate of class contests in athletics in the schools could not get a hearing. To-day we find the greatest body of athletes in the world is the Public Schools Athletic League of Greater New York, which has had an entry list at its annual games of over two thousand, and in whose "elementary series" in base ball last year 106 schools competed for the trophy emblematic of the championship.

While Spalding's Athletic Library cannot claim that the rapid growth of athletics in this country is due to it solely, the fact cannot be denied that the books have had a great deal to do with its encouragement, by printing the official rules and instructions for playing the various games at a nominal price, within the reach of everyone, with the sole object that its series might be complete and the one place where a person could look with absolute certainty for the particular book in which he might be interested.

In selecting the editors and writers for the various books, the leading authority in his particular line has been obtained, with the result that no collection of books on athletic subjects can compare with Spalding's Athletic Library for the prominence of the various authors and their ability to present their subjects in a thorough and practical manner.

A short sketch of a few of those who have edited some of the leading numbers of Spalding's Athletic Library is given herewith:

JAMES E. SULLIVAN

WALTER CAMP

For quarter of a century Mr. Walter Camp of Yale has occupied a leading position in college athletics. It is immaterial what organization is suggested for college athletics, or for the betterment of conditions, insofar as college athletics is concerned, Mr. Camp has always played an important part in its conferences, and the great interest in and high plane of college sport to-day, are undoubtedly due more to Mr. Camp than to any other individual. Mr. Camp has probably written more on college athletics than any other writer and the leading papers and magazines of America are always anxious to secure his expert opinion on foot ball, track and field athletics, base ball and rowing. Mr. Camp has grown up with Yale athletics and is a part of Yale's remarkable athletic system. While he has been designated as the "Father of Foot Ball," it is a well known fact that during his college career Mr. Camp was regarded as one of the best players that ever represented Yale on the base ball field, so when we hear of Walter Camp as a foot ball expert we must also remember his remarkable knowledge of the game of base ball, of which he is a great admirer. Mr. Camp has edited Spalding's Official Foot Ball Guide since it was first published, and also the Spalding Athletic Library book on How to Play Foot Ball. There is certainly no man in American college life better qualified to write for Spalding's Athletic Library than Mr. Camp.

NOTE.—The following interpretation of Article X., Section 1, is given for the guidance of college athletes: A question having arisen in December, 1906, as to whether undergraduates competing in events open only to college students would thereby affect their right to represent the club in which they are registered, the Chairman of the National Registration Committee after consultation with the President and the Chairman of the Legislation Committee advised members of the National Registration Committee and of the various district registration committees that under construction of the rules to be found under heading "Summary of Tests which have been applied in the determination of questions of amateur standing" in the Official Athletic Rule Book, such competition would not affect the undergraduate's right to subsequently represent an athletic club, provided the event is open only to members of collegiate associations.

A student attending a university, college, school or other educational institution may consider such institution his residence for the purpose of registration to represent such institution in competition. Such student, during the period between the close and the opening of the scholastic year, may transfer his registration to a club or other organization belonging to an active or allied member of this Union, located in the district of his actual residence which for this purpose shall be the residence of his parents or guardian, if he be a minor, or his last place of abode before entering his educational institution, if he be an adult, and upon the opening of the scholastic year he may be retransferred to his educational institution.

2. No one shall be eligible to compete in any athletic meeting, games or entertainment given or sanctioned by this Union, unless he shall be a duly registered athlete and a member of the organization from which he enters; nor shall any member of any Club in this Union, or any Club in any district of this Union, be allowed to compete as a representative of such club in case he has within one year competed as a member of any other Club then in this Union, unless he has secured permission to do so from the National Registration Committee, upon showing good cause therefor, or unless such other club shall have disbanded or practically ceased to exist; provided, that the requirements of this section shall not apply to any athletic meeting, games or entertainment, the entries for which are confined to the Club or organization giving such entertainment or meeting.

No person shall be eligible to compete for or enter any competition as a member of any club in the territory of any active member of this Union unless he shall have resided within the territory of said active member at least four months previous to entering for competition; nor shall any person be eligible to enter or compete in any district championship meeting unless he shall have been a *bona fide* resident of such district for at least six months prior to the holding of such championship meeting. These restrictions shall not apply to an undergraduate when competing for any college belonging to an allied body.

No person shall be eligible to compete in a championship meeting of more than one district in one year.

3. No prizes shall be given by any individual, club, committee or association, or competed for or accepted by any athlete, except suitably inscribed wreaths, diplomas, banners, badges, medals, timepieces and mantel ornaments, or suitably inscribed articles of jewelry, silverware, table or toilet service, unless authorized by the Registration Committee, and said prizes shall not exceed the cost of \$35 for first, \$20 for second, and \$10 for third prize, unless by special permission challenge trophies or other similar

prizes are authorized by the Registration Committee and a record kept of such authorization. Suitable team and individual prizes may be awarded for team competitions in a single specialty.

No more than three prizes in all shall be given in any event or competition, except in running or walking races of five miles or over, and in swimming races of one mile or over (counting a team prize, allowed as above, as one prize), unless by special authority of the Registration Committee.

4. The prohibitions of this article shall not apply to tokens or prizes (other than money), composed in whole or in part of metal, and bearing inscriptions denoting the event or contest, in any case where such tokens or prizes shall have been given or sanctioned by this Union, or any of its members, or prior to the formation of this Union, by any recognized amateur organization; provided, that if any person shall, at any time after April 1, 1891, sell, pledge or exchange for any other thing, any such token or prize, he shall thereafter be ineligible, and he shall likewise be ineligible if at the time of the competition or entry therefor he be disqualified or under suspension by this Union, or any of its members, or any organization allied with or approved by it.

5. Persons not debarred by any of the foregoing provisions of this Article, or who, having become ineligible by violation thereof, or of any heretofore recognized rule of amateur standing, have been duly reinstated, and shall, in other and all respects, conform to the rules and regulations of this Union and its members, will be deemed by this Union and by its members amateurs.

6. The term "any athletic exercise," as used in the first section of this Article, shall be held to include such sports or exercises, athletic in form or substance, as the Board of Governors may determine.

ARTICLE XI.

REGISTRATION OF ATHLETES.

1. In no meeting, game or entertainment that has been sanctioned as an open athletic meeting shall an athlete's entry be accepted unless he shall have received a numbered certificate of registration, stating that he is an amateur and eligible to compete in amateur sports. The provisions of this paragraph do not apply to events that are "closed," that is, open only to members of the club giving the said games.

2. All clubs giving open games or competitions under Amateur Athletic Union rules and sanction must state on their announcements and entry blanks that no entries to open events can be accepted except from registered athletes.

3. Each athlete applying for registration and receiving same

4. An allied member may provide its own system of registration, not in conflict with the Constitution, By-Laws and Rules of the Amateur Athletic Union, as to amateur status, and available only to those actively affiliated with such allied member, and may impose such fee for registration as it may see fit.

The member or members to whom the investigation is assigned shall immediately communicate with the party under suspicion, either in person or by registered letter, lay all charges before him or set forth the circumstances which lead to a reasonable doubt and call for an answer to the charges or a satisfactory explanation of the circumstances which gave rise to the doubt. 16. Every athlete, when he registers, shall state his residence and what club he wishes to represent, and he shall neither be allowed to change the club nor compete unattached during the term of his registration in the A.A.U. or an allied body without the consent of the Registration Committee of the district in which he resides. And when any registered athlete changes his residence from one district to another, he shall notify the Registration Committee of the district wherein he is registered, and such Registration Committee shall issue a transfer to the district in which such athlete intends to reside.

17. All registrations shall be in force for one year from date of registration, and on renewal every athlete shall be required to fill out and sign a new application and shall be given a new number. Such new application need not be indorsed, unless required by the Registration Committee.

18. Every athlete, when competing in handicap events outside of the territory of the Association from which he is registered, shall forward with his entry a certificate from the handicapper of his own Association showing his last three performances. (c) The Board may, upon such charges and answers, dismiss such case; but if not, shall refer the same to the Committee on Reinstatement, which Committee shall, upon not less than ten days' notice to both parties, appoint a time and place when evidence will be taken upon such charges, and shall have discretion to adjourn such hearing from time to time, as may seem just and proper.

(d) Within ten days after the closing of the evidence, such committee shall make and file its report with the Secretary of the Union, which report shall be submitted to the Board of Governors at its next meeting, at which due notice of the intended submission of such report can be given, unless a mail vote shall be taken upon the acceptance of the report, as herein-before provided, in which case a copy of the report and the evidence shall be mailed to each member of the Board of Governors, except the Trial Committee. In case no decision has been reached by the Board within ninety days after the charge was first filed by the complainant, the person accused shall be deemed to have been acquitted, and said charge shall stand as dismissed, as though formal action had been taken to that effect by a vote of the Board.

(e) Should the person charged fail to appear and defend, he shall be considered as having admitted the truth of the charges, and in case of such default, or his conviction, he shall suffer the penalty fixed by the Board of Governors under the Constitution of this organization.

(f) Should the accused be found innocent, he shall at once be so declared and the fact made public by the Board of Governors in such manner as it may determine. 13. In determining questions of eligibility to the Junior Classes in all Amateur Athletic Union Championships, any meeting restricted to College Undergraduates and open to more than two Colleges for the Championship of any section of the country is to be considered an Intercollegiate Championship Meeting.

14. The entries for all Amateur Athletic Union Championships shall close with the Chairman of the Championship Committee at least seven days before holding of the Championship Meeting, and no later entries shall be received or accepted unless satisfactory proof is presented to the Committee that the entry was actually sent in due time, but was not received, except that the

winner of a Junior Championship shall be permitted to compete in any event in the Senior Championship in the same year, upon paying his entry fee. Within two days after the closing of the entries, a copy of the entire entry list shall be mailed to the Secretary or to the official representative of each Club that has entered athletes for said meeting.

15. Protests affecting the right of any athlete to compete in an Amateur Athletic Union Championship Meeting must be made to the Chairman of the Committee before the Championship Meeting is held, and in case of protests the Championship Committee shall hold a meeting the night preceding the championships and if possible pass upon the athlete's right to compete. The Committee shall have absolute power to reject any entry and the Committee shall also have power to allow an athlete to compete under protest pending trial by the Registration Committee of the Association that is affected.

16. The Championship Committee of the Amateur Athletic Union of the United States shall appoint the officials and manage all Championship Meetings.

tion of path or field, force and direction of wind, level or grade of grounds, weight, measurement and material of implement, and correctness of announced time or distance.

No record shall be accepted unless made in open competition.

RULE VIII.

ELIGIBILITY TO LIMITED EVENTS.

The eligibility to compete in events that are limited to men who have never accomplished a certain time, distance or height in a given event, shall be determined by the competitor's record when the entries for such event closed.

In all competition in which men classify by weight, contestants must weigh in for both trials and finals, within three hours of the beginning of each competition.

RULE IX.

DEFINITION OF A NOVICE.

An athlete shall be held to be a novice in each of the classes specified in Article IX. of the Constitution until he shall have won a prize in a competition in that class, open to the members of two or more clubs.

The winning of such a prize shall prevent his future competition as a novice in that class, although his entry may have been made before he lost his standing as a novice.

RULE X.

All entries for competition held under Amateur Athletic Union Rules must be made on the entry forms adopted by the Amateur Athletic Union.

An athlete who fails to compete after entering an event in a *bona fide* way, and according to the rules, shall be required to furnish a satisfactory excuse for so doing or render himself liable to censure or suspension by the local registration committee.

RULE XI.

PROFESSIONAL CONTESTS FORBIDDEN.

No professional contest or exhibition shall be allowed at any games, meetings or entertainments held under the auspices of the Amateur Athletic Union, except that regularly employed instructors may take part with their pupils in entertainments, provided that such instructors shall not participate in any com-

petition. This rule shall not apply to bicycling events given under the sanction of the National Cycling Association.

RULE XII.

REPORT OF GAMES.

The Official Scorers and Measurers at all games given under the rules of the Amateur Athletic Union shall be required to deliver to the Official Handicapper and to the Chairman of the Registration Committee of the Association in whose territory the games are held, within twenty-four hours after the close of the games, the official scores of all contests at such meeting. The clerk of the course at such meeting shall also be required to deliver in the same manner a complete list of all starters in each event. Any club that shall fail to file the necessary report of games shall be refused further sanctions until such report be filed.

SECTION I. All amateur meetings shall be under the direction of

A Games Committee,
One Referee,
Two or more Inspectors,
Three Judges at Finish,
Three or more Field Judges,
Three or more Timekeepers,
One Judge of Walking,
One Starter,
One Clerk of the Course,
One Scorer,
One Marshal.

SEC. 2. If deemed necessary, assistants may be provided for the Judge of Walking, the Clerk of the Course, the Scorer, and the Marshal, and an Official Announcer may be appointed.

RULE II.

THE GAMES COMMITTEE

in all national championship meetings shall be appointed by the Championship Committee.

The Games Committee at any club meeting shall be composed of members of the club holding the meeting.

This Committee shall have jurisdiction of all matters not assigned by these rules to the Referee or other games officials. (See also Rule XV.)

RULE III.

THE REFEREE

shall decide all questions relating to the actual conduct of the

meeting, whose final settlement is not otherwise covered by these rules.

He alone shall have the power to change the order of events as laid down in the official programme, and to add to or to alter the announced arrangement of heats in any event. A referee has no authority, after heats have been duly drawn and published in a programme, to transfer a contestant from one heat to another.

When in any but the final heat of a race, a claim of foul or interference is made, he shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to culpable carelessness, and shall also have the power to allow the hindered competitor to start in the next round of heats, just as if he had been placed in his trial.

When, in a final heat, a claim of foul or interference is made, he shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to culpable carelessness, and he shall also have the power to order a new race between such of the competitors as he thinks entitled to such a privilege.

If, during any athletic contest under the rules of the Amateur Athletic Union, a competitor shall conduct himself in a manner unbecoming a gentleman, or offensive to the officials, spectators or competitors, the referee shall have the power to disqualify him from further competition at the meeting; and if he thinks the offense worthy of additional punishment shall promptly make a detailed statement of the facts to the Registration Committee in whose territory the offense was committed.

RULE IV.

THE INSPECTORS.

It shall be the duty of an Inspector to stand at such point as the Referee may designate; to watch the competition closely, and in case of a claim of foul to report to the Referee what he saw of the incident.

Such Inspectors are merely assistants to the Referee, to whom they shall report, and have no power to make any decisions.

RULE V.

THE JUDGES AT FINISH

shall determine the order of finishing of contestants and shall arrange among themselves as to noting the winner, second, third, fourth, etc., as the case may require.

Their decision in this respect shall be without appeal, and in case of disagreement a majority shall govern.

RULE VI.

THE FIELD JUDGES

shall make an accurate measurement, and keep a tally of all competitors in the high and broad jumps, the pole vault, the weight competitions and the tug of war.

They shall act as judges of these events, and their decisions, as to facts, shall likewise be without appeal. In case of disagreement a majority shall govern.

RULE VII.

THE TIMEKEEPERS

shall be three in number. They shall individually time all events where time record is required, and determine among themselves and announce the official time of each heat or race.

Should two of the three watches mark the same time and the third disagree, the time marked by the two watches shall be accepted. Should all three disagree, the time marked by the intermediate watch shall be accepted.

The flash of the pistol shall denote the actual time of starting.

If, for any reason, only two watches record the time of an event, and they fail to agree, the longest time of the two shall be accepted.

NOTE.—For record, however, three watches must be held on an event. See Rule IV., General Rules of the Amateur Athletic Union.

RULE VIII.

THE STARTER

shall have sole jurisdiction over the competitors after the Clerk of the Course has promptly placed them in their positions for the start.

The method of starting shall be by pistol report, except that in time handicap races the word "go" shall be used.

An actual start shall not be effected until the pistol has been purposely discharged after the competitors have been warned to get ready. In case the pistol was not purposely discharged the competitors shall be called back by the starter by pistol fire. (NOTE.—The starter must have at least two good cartridges in his pistol before starting a heat.)

When any part of the person of a competitor shall touch the ground in front of his mark before the starting signal is given, is shall be considered a false start.

Penalties for false starting shall be inflicted by the Starter, as follows:

In all races up to and including 125 yards the competitor shall be put back one yard for the first and another yard for the second attempt; in races over 125 yards and including 300 yards, two yards for the first and two more for the second attempt; in races over 300 yards and including 600 yards, three yards for the first and three more for the second attempt; in races over 600 yards and including 1,000 yards, four yards for the first and four more for the second attempt; in races over 1,000 yards and including one mile, five yards for the first and five more for the second attempt; in all races over one mile, ten yards for the first and ten more for the second attempt. In all cases the third false start shall disqualify the offender from that event.

The starter shall also rule out of that event any competitor who attempts to advance himself from his mark, as prescribed in the official programme after the starter has given the warning to "get ready."

RULE IX.

THE CLERK OF THE COURSE

shall be provided with the names and the numbers of all entered competitors, and he shall notify them to appear at the starting line before the start in each event in which they are entered.

In case of handicap events from marks, he shall place each competitor behind his proper mark; shall immediately notify the Starter should any competitor attempt to advance himself after the Starter has warned them to "get ready"; and in time allowance handicaps shall furnish the Starter with the number and time allowance of each actual competitor. He shall control his assistants, and assign to them such duties as he may deem proper.

RULE X.

THE JUDGE OF WALKING

shall have sole power to determine the fairness or unfairness of walking, and his rulings thereon shall be final and without appeal. He shall caution any competitor whenever walking unfairly, the third caution to disqualify, except that he shall immediately disqualify any competitor when walking unfairly during the last 220 yards of a race. He shall control his assistants, and assign to them such of his duties as he may deem proper.

RULE XI.

THE SCORER

shall record the order in which each competitor finishes his event, together with the time furnished him by the Timekeepers. He shall keep a tally of the laps made by each competitor in races covering more than one lap, and shall announce by means of a bell, or otherwise, when the leading man enters the last lap. He shall control his assistants, and assign to them such of his duties as he may deem proper.

RULE XII.

THE MARSHAL

shall have full police charge of the enclosure, and shall prevent any but officials and actual competitors from entering or remaining therein. He shall control his assistants, and assign to them their duties.

RULE XIII.

THE OFFICIAL ANNOUNCER

shall receive from the Scorer and Field Judges the result of each event, and announce the same by voice, or by means of a bulletin board.

RULE XIV.

Trainers and handlers shall not be allowed within the center field or inner field, or on the track immediately prior to or during competitions at any meeting except in distance races of five miles or over.

RULE XV.

COMPETITORS

shall report to the Clerk of the Course immediately upon their arrival at the place of meeting, and shall be provided by that official with their proper numbers, which must be worn conspicuously by the competitors when competing, and without which they shall not be allowed to start.

Each competitor shall inform himself of the time of starting, and shall be promptly at the starting point of each competition in which he is entered, and there report to the Clerk of the Course.

Under no condition shall any attendants be allowed to accompany competitors at the start or during any competition, except in match races, where special agreement may be made.

RULE XVI.

PROTESTS

against any entered competitor may be made verbally or in writing to the Games Committee or any member thereof before the meeting, or to the Referee during the meeting. If possible, the Committee or Referee shall decide such protests at once. If the nature of the protest or the necessity of obtaining testimony prevents an immediate decision, the competitor shall be allowed to compete under protest, and the protest shall be decided by the Games Committee within one week, unless its subject be the amateur standing of the competitor, in which case the Games Committee must report such protest within forty-eight hours to the member of the Registration Committee in whose territory the games are being held.

RULE XVII.

TRACK MEASUREMENT.

All distances run or walked shall be measured upon a line eighteen inches outward from the inner edge of the track, except that in races on straightaway tracks the distance shall be measured in a direct line from the starting mark to the finishing line.

RULE XVIII.

THE COURSE.

Each competitor shall keep in his respective position from start to finish in all races on straightaway tracks, and in all races on tracks with one or more turns he shall not cross to the inner edge of the track, except when he is at least six feet in advance of his nearest competitor. After turning the last corner into the straight in any race, each competitor must keep a straight course to the finish line, and not cross, either to the outside or the inside, in front of any of his opponents.

In all championship races of the Amateur Athletic Union, or any of its Associations, at any distance under and including 300 yards, each competitor shall have a separate course, properly roped, staked and measured, whether the race be run on a straight path or around one or more curves.

The Referee shall disqualify from that event any competitor who wilfully pushes against, impedes, crosses the course of, or in any way interferes with another competitor.

The Referee shall disqualify from further participation in the games any contestant competing to lose, to coach, or to in any way impede the chances of another competitor either in a trial or final contest.

RULE XIX.

THE FINISH.

The finish of the course shall be represented by a line between two finishing posts, drawn across and at right angles to the sides of the track, and four feet above which line shall be placed a tape attached at either end to the finishing posts. A finish shall be counted when any part of the winner's body, except his hands or arms, shall reach the finish line. The order of finishing for second and third places, and so on, shall be decided in the same manner.

RULE XX.

HURDLES.

Different heights, distances and number of hurdles may be selected for hurdle races.

In the 120 yards hurdle race, ten hurdles shall be used; each hurdle to be three feet six inches high. They shall be placed ten yards apart, with the first hurdle fifteen yards distant from the starting point, and the last hurdle fifteen yards before the finishing line. In the 220 yards hurdle race ten hurdles shall be used, each hurdle to be two feet six inches high. They shall be placed twenty yards apart, with the first hurdle twenty yards distant from the starting mark, and the last hurdle twenty yards before the finishing line.

In hurdle races of other distances, and with different numbers of hurdles, the hurdles shall be placed at equal intervals, with the same space between the first hurdle and the starting point, and the last hurdle and the finishing line as between each of the hurdles.

In making a record it shall be necessary for the competitor to jump over every hurdle in its proper position, and no record shall be allowed unless all the hurdles remain standing after the competitor clears them.

A competitor knocking down three or more hurdles, or any portion of hurdles, in a race, shall be disqualified.

In all championship hurdle races of the Amateur Athletic Union, or any of its Associations, up to and including 300 yards, each competitor shall have separate hurdles and a separate course marked out and measured independently, whether races are run straightaway or with turns.

RULE XXI.

TIES.

In all contests whose results are determined by measurement of height or distance, ties shall be decided as follows:

In handicap contests the award shall be given to the competitor who received the least allowance. In case of a tie between two or more competitors who received the same allowance, the decision shall be made as in scratch contests.

In case of a tie in a scratch contest at high jumping, the tying competitors shall have three additional trials at the height last tried, and if still undecided, the bar shall be lowered to the height next below, and three trials taken at that height. If no one clears it, the bar shall be lowered again and again until one of the competitors clears it. In case of a second tie, the award shall be given to the competitor who cleared the bar with the least number of trials.

In case of a tie in the pole vault the officials shall raise or lower the bar at their discretion, and those competitors who have tied shall be allowed one trial at each height.

In handicaps, where a tie occurs, the scratch man or man with the smallest allowance shall be given the place.

In case of a tie in a scratch contest at any game decided by distance, each of the tying competitors shall have three additional trials, and the award shall be made in accordance with the distances cleared in these additional trials. In case of a second tie three more trials shall be allowed, and so on, until a decision is reached. In case of a dead heat in any track events, the competitors shall not be allowed to divide the prize or points, or to toss for them, but must compete again at a time and place appointed by the Referee.

ORDER OF COMPETITION IN FIELD EVENTS.

In all scratch events the competitors shall take their trials in the order of their names as printed in the programme.

In all handicap events the competitor having the greatest allowance shall make the first trial, and so on, in regular order, up to the competitor at scratch or with least allowance, who shall have the last trial.

RULE XXII.

JUMPING.

SECTION 1. A fair jump shall be one that is made without the assistance of weights, diving, somersaults or handsprings of any kind.

THE RUNNING HIGH JUMP.

SEC. 2. The Field Judges shall decide the height at which the jump shall commence, and shall regulate the succeeding elevations.

Each competitor shall be allowed three trial jumps at each height, and if on the third trial he shall fail, he shall be declared out of the competition.

At each successive height each competitor shall take one trial in his proper turn; then those failing, if any, shall have their second trial jump in a like order, after which those having failed twice shall make their third trial jump.

The jump shall be made over a bar resting on pins projecting not more than three inches from the uprights, and when this bar is removed from its place it shall be counted as a trial jump.

Running under the bar in making an attempt to jump shall be counted as a "balk," and three successive "balks" shall be counted as a trial jump.

The distance of the run before the jump shall be unlimited.

A competitor may decline to jump at any height in his turn, and by so doing, forfeits his right to again jump at the height declined.

THE STANDING HIGH JUMP.

SEC. 3. The feet of the competitor may be placed in any position, but shall leave the ground only once in making an attempt to jump. When the feet are lifted from the ground twice, or two springs are made in making the attempt, it shall count as a trial jump without result. A competitor may rock forward and back, lifting heels and toes alternately from the ground, but may not lift either foot clear from the ground or slide it along the ground in any direction.

With this exception the rules governing the RUNNING HIGH JUMP shall also govern the STANDING HIGH JUMP.

THE RUNNING BROAD JUMP.

SEC. 4. When jumped on earth a joist eight inches wide shall be sunk flush with it. The outer edge of this joist shall be called the scratch line, and the measurement of all jumps shall

At the annual meeting of the A.A.U., held Nov. 19, 1902, in New York City, the following was offered for guidance in the pole vault and high jump events:

"That the rules of competition require the Field Judges to make accurate measurements. The Committee have discussed the question of giving the right to move the apparatus in the high jump and in the pole vault, and we would like to call the attention of all those who are interested in athletics to the fact that if the apparatus is moved, the Field Judges should make a re-measurement, because if there is any inequality in the ground at all, changing the apparatus may make a difference varying from one inch to a quarter of an inch, and the competitor should not be allowed to have the apparatus moved and thereby get an advantage in that way."

be made from it at right angles to the nearest break in the ground made by any part of the person of the competitor.

In front of the scratch line the ground shall be flush.

A foul jump shall be one where the competitor in jumping off the scratch line makes a mark on the ground immediately in front of it, or runs over the line without jumping, and shall count as a trial jump without result.

Each competitor shall have three trial jumps, and the best three shall each have three more trial jumps.

The competition shall be decided by the best of all the trial jumps of the competitors.

The distance of the run before the scratch line shall be unlimited.

THE POLE VAULT.

SEC. 5. The height of the bar at starting and at each successive elevation shall be determined by the officials.

Three trials allowed at each height. Each competitor shall make an attempt in the order in which his name appears on the programme, then those who have failed shall have a second trial in regular order, and those failing on this trial shall take their final trial.

Displacing the bar counts as a try.

A line shall be drawn fifteen feet in front of the bar and parallel with it; crossing this line in an attempt shall be a balk. Two balks constitute a try.

Leaving the ground in an attempt shall constitute a try.

A competitor may omit his trials at any height, but if he fail at the next height he shall not be allowed to go back and try the height he omitted.

The poles shall have no assisting devices, except that they may be wound or wrapped with any substance for the purpose of affording a firmer grasp, and may have one spike at the lower end. No competitor shall, during his vault, raise the hand which was uppermost when he left the ground to a higher point on the pole, nor shall he raise the hand which was undermost when he left the ground to any point on the pole above the other hand.

Poles shall be furnished by the club giving the games, but contestants may use their private poles if they so desire, and no contestant shall be allowed to use any of these private poles except by the consent of their owners. The poles shall be unlimited as to size and weight.

Any competitor shall be allowed to dig a hole not more than one foot in diameter at the take-off in which to plant his pole.

In case of a tie the officials shall raise or lower the bar at their discretion, and those competitors who have tied shall be allowed one trial at each height.

In handicaps where a tie occurs, the scratch man or man with the smallest allowance shall be given the place.

The rule governing the RUNNING BROAD JUMP shall also govern the POLE VAULT for distance, except that when the man leaves the ground in an attempt, it shall be counted a trial.

THE STANDING BROAD JUMP.

SEC. 6. The feet of the competitor may be placed in any position, but shall leave the ground only once in making an attempt to jump. When the feet are lifted from the ground twice, or two springs are made in making the attempt, it shall count as a trial jump without result. A competitor may rock forward and back, lifting heels and toes alternately from the ground, but may not lift either foot clear of the ground, or slide it along the ground in any direction.

In all other respects the rule governing the RUNNING BROAD JUMP shall also govern the STANDING BROAD JUMP.

THE THREE STANDING BROAD JUMPS.

SEC. 7. The feet of the competitor shall leave the ground only once in making an attempt for each of the three jumps, and no stoppage between jumps shall be allowed. In all other respects the rules governing the STANDING BROAD JUMP shall also govern the THREE STANDING BROAD JUMPS.

RUNNING HOP, STEP AND JUMP.

SEC. 8. The competitor shall first land upon the same foot with which he shall have taken off. The reverse foot shall be used for the second landing, and both feet shall be used for the third landing.

In all other respects the rules governing the RUNNING BROAD JUMP shall also govern the RUNNING HOP, STEP AND JUMP.

RULE XXIII.

THE SHOT.

The shot shall be a metal sphere with a covering of any material, and the combined weight for championship contests shall be 16 pounds. It is optional with the Games Committee of handicap meetings to offer competitions of shots weighing from 12 pounds upwards.

The shot shall be "put" with one hand, and in making the attempt it shall be above and not behind the shoulder.

All puts shall be made from a circle seven feet in diameter.

The circle to be a metal or wooden ring, painted or white-washed, and sunk almost flush with the ground, and it shall be divided into two halves by a line drawn through the center. In the middle of the circumference of the front half shall be placed a stop-board four feet long, four inches high, and firmly fastened to the ground. In making his puts, the feet of the competitor may rest against, but not on top of this board.

A fair put shall be one in which no part of the person of the competitor touches the top of the stop-board, the circle, or the ground outside the circle, and the competitor leaves the circle by its rear half, which shall be the half directly opposite the stop-board. A put shall be foul if any part of the person of the competitor touch the ground outside the front half of the circle before the put is measured.

The measurement of each put shall be taken at the circle from the nearest mark made by the fall of the shot to the circumference of the circle on a line from the mark made by the shot to the center of the circle.

Foul puts and letting go the shot in making an attempt shall be counted as trial puts without result.

A board similar to the one in front may be used at the back of the circle.

The order of competing and number of trials shall be the same as for the running broad jump. Shots shall be furnished by the Games Comm'ttee. Any contestant may use his private shot, if correct in weight and shape; in which case the other contestants must also be allowed to use it if they wish.

RULE XXIV.

THROWING THE 56-LB. WEIGHT.

SECTION I. The weight shall be a metal sphere with handle of any shape and material, which must be permanently attached to the sphere. Their combined weight shall be at least fifty-six pounds and their combined height shall not be more than sixteen inches.

All throws shall be made from a circle seven feet in diameter.

The circle to be a metal or wooden ring, painted or white-washed, and sunk almost flush with the ground.

In making his throws the competitor may assume any position he chooses, and use one or both hands.

Foul throws and letting go the weight in an attempt shall count as trial throws without result.

Weights shall be furnished by the Games Committee. Any contestant may use his private weight, if correct in weight and

shape; in which case the other contestants must also be allowed to use it if they wish.

IN THROWING FOR DISTANCE.

SEC. 2. A fair throw shall be one where no part of the person of the competitor touches the circle, the ground outside the circle, and the competitor leaves the circle by its rear half, which shall be that part of the circle directly opposite the half occupied by the competitor at the moment of delivery, and shall be designated by an imaginary line drawn through the center of the circle at right angles to the direction of the throw.

The measurement of each throw shall be taken at the circle from the nearest mark made by the fall of any part of the weight or handle to the inside edge of the circumference of the circle on a line from the mark to the center of the circle.

The number of trials and method of decision shall be the same as in the running broad jump.

IN THROWING FOR HEIGHT.

SEC. 3. A barrel head three feet in diameter shall be suspended horizontally in the air.

The field judges shall determine the height at which the barrel head shall be fixed at the beginning of the competition, and at each successive elevation.

A fair throw shall be one where no part of the person of the competitor shall touch the circle or the ground outside of the circle before the weight touches the barrel head, and where any part of the weight or handle touches any part of the barrel head.

The measurement of each throw shall be from the ground perpendicularly up to the lowest part of the barrel head.

The method of competition shall be the same as in the running high jump.

RULE XXV.

THROWING THE HAMMER.

The head shall be a metal sphere and the handle shall be made of wire. Such wire must be best grade spring steel wire not less than $\frac{1}{8}$ of an inch in diameter, or No. 36 piano wire, the diameter of which is 102-1000 of an inch. If a loop grip is used it must be of rigid construction. The length of the complete implement shall not be more than four feet, and its weight not less than sixteen pounds.

The competitor may assume any position he chooses, and use either one or both hands.

All throws shall be made from a circle seven feet in diameter, the circle to be a metal or wooden ring, painted or whitewashed and sunk almost flush with the ground.

A fair throw shall be where no part of the person of the competitor touches the circle or the ground outside the circle, and the competitor leaves the circle by its rear half, which shall be that directly opposite the half occupied by the competitor at the moment of delivery, and shall be designated by an imaginary line drawn through the center of the circle at right angles to the direction of the throw.

Foul throws and letting go of the hammer in an attempt shall count as trial throws.

The measurement of each throw shall be from the nearest mark made by the fall of the head of the hammer to the inside circumference of the circle, on a line from the mark to the center of the circle.

The number of trials and methods of decision shall be the same as in the running broad jump.

Hammers shall be furnished by the Games Committee. Any contestant may use his private hammer, if correct in weight and length; in which case the other contestants must also be allowed to use it if they wish.

RULE XXVI.

THROWING THE DISCUS.

The discus shall be two kilogrammes (4.4 lbs.) in weight and 22 centimeters (8.7 inches) in diameter. It shall be made of wood, with a smooth iron rim, and shall be capped on each face with a smooth metal plate.

The circle for throwing the discus shall be similar in all respects to that of throwing the 56-pound weight, 16-pound hammer and 16-pound shot.

In making his throw the competitor may assume any position he pleases, and the rules governing a "fair throw" to be the same as the hammer and 56-pound weight.

A discus shall be furnished by the Games Committee. Any competitor may use his private discus if it conforms to the rule, in which case other contestants shall be allowed to use it if they wish.

The measurements of each throw shall be made from the nearest mark made by the fall of the discus to the inside circumference of the circle on a line from the mark made by the discus to the center of the circle.

RULE XXVII.

MEASUREMENTS.

In all weight events and broad jumps, that portion of the tape showing the feet and inches must be held by the official at the take-off or at the circle.

RULE XXVIII.

THROWING THE JAVELIN.

(a) The Javelin shall be 2.6 metres long (8.1 feet) and 800 grammes in weight (1.6 lbs.). It shall be of wood with a sharp iron point, and shall have about the centre of gravity a grip formed by a binding of whipcord without knots; it shall not be provided with a thong, and the shaft shall not be notched.

Every competitor must throw with a javelin provided by the Committee.

(b) The throwing shall take place from behind a scratch line. The thrower may place his foot or feet upon the line, but if either foot passes the line entirely before the javelin first strikes the ground the throw is invalid.

(c) No throw shall be counted in which the point of the javelin does not strike the ground before any part of the shaft.

(d) It is open to the competitors to throw with either hand and with or without a run.

(e) The throw is measured from the point at which the point of the javelin first strikes the ground perpendicularly to the scratch line, or the scratch line produced.

The javelin must be held by the grip, and no other method of holding is admissible.

RULE XXIX.

TUGS-OF-WAR.

Tugs-of-war shall be pulled on cleats made of wood, same to be at least four inches thick, six inches high and twenty-two inches long, and at least six feet six inches apart. The distance from the clamp in the center to the first cleat on either side shall be not less than six feet.

The cleats shall be set on edge and bolted to the board.

The rope shall be a manilla, three-stranded rope, not less than four-and-a-half nor more than five inches in circumference. There shall be a clamp equidistant from the first cleat on either side, which shall be sufficient to hold the rope in position until released.

The clamp shall not make an appreciable kink in the rope. Any position may be assumed before the pistol is fired. No mechanical device shall be used for holding the rope. No belt other than one to protect the body shall be used. The flanges to hold the rope in place shall not be constructed so as to bind on the rope in any position that the anchor may assume. Leather shields and gloves may be used, and adhesive substances may be put on the same. The belt shall not weigh more than twenty pounds. Competitors shall not use weights in unlimited pulls,

but in pulls limited to specified weights, competitors may use weights, providing the total weight of the team, including weights, does not exceed the limit.

The standard time limit for each pull shall be five minutes, and a rest of not less than ten minutes shall be allowed each competitor between trial pulls. A shorter or longer time limit may be agreed upon for other than championship contests.

When tugs-of-war are limited to teams of a given weight, competitors shall be weighed before competing. They shall be weighed as they pull; i.e., including clothing, shoes, belt, etc.

The weighing-in shall be done immediately before the pull.

No knot of any kind shall be tied in the rope, and the rope shall not be passed more than once around the body of the anchor.

In no case shall any man pull on more than one team in a contest, and no substitute shall be allowed to pull on any team that has pulled a trial.

In case a team gains three feet from its opponents, it shall be awarded the pull.

Immediately before the competition the captains of the opposing teams shall draw their numbers and compete as follows: To have a preliminary round of as many contests as the total number of teams exceeds 2, 4, 8, 16 and 32, and drop the losers. This leaves in 2, 4, 8, 16 or 32 teams, and the competition then proceeds regularly with no byes or uneven contests.

No pull shall be awarded by less than half an inch.

All competitors who have been beaten by the winner shall be entitled to compete for second place, and all who have been beaten by the winners of either first or second place shall be entitled to compete for third place.

The individual tug-of-war shall also be governed by the team rules and the contestants must pull from the first cleat from the clamp.

RULE XXX.

SWIMMING.

SECTION 1. Officials shall consist of one Referee, three Judges at the Finish, three Timekeepers, one Starter, one Clerk of the Course with assistants, if necessary.

SEC. 2. Duties and powers of these officials shall be the same as is prescribed for them in the foregoing rules.

SEC. 3. In the 50 yards and 100 yards swimming races each competitor shall stand with one or both feet on the starting line, and when the signal is given, shall plunge. Stepping back, either before or after the signal, will not be allowed.

SEC. 4. The start for longer races shall be the same as the 100

yards, except that competitors may start in the water (tread-water start) from an imaginary line.

SEC. 5. Each competitor shall keep a straight course, parallel with the courses of the other competitors, from the starting station to the opposite point in the finish line. Competitors will be started ten feet apart, and each one is entitled to a straight lane of water, ten feet wide, from start to finish. Any contestant who, when out of his own water, shall touch another competitor, is liable to disqualification from that event, subject to the discretion of the Referee.

SEC. 6. Each competitor shall have finished the race when any part of his person reaches the finish line.

SEC. 7. In all handicap competitions a check starter shall be appointed, whose duty it shall be to see that no contestant starts before his proper time. He shall report any violation of this rule to the Referee, who shall disqualify such competitor, should his finish affect the result of the race.

SEC. 8. *Back Stroke*.—The competitors shall line up in the water, facing the starting end, with both hands resting on the end or rail of the bath. At the word "Go," the competitors shall push off on their backs and commence and continue swimming upon their backs throughout the race. At each end of the bath, in turning, competitors shall place both hands on the end or rail of the bath before pushing off, as at the commencement of the race. The Referee shall have absolute discretion to disqualify any competitor under this clause.

SEC. 9. *Breast Stroke*.—At the word "Go" or pistol shot, the competitors shall dive and swim on the breast. Both hands must be pushed forward and brought backward simultaneously. The body must be kept perfectly on the breast, and both shoulders on line with the surface of the water. When touching at the turn or finishing a race the touch shall be made with both hands simultaneously. Any competitor introducing or using a side stroke movement during the race to be disqualified. The Referee shall have absolute discretion to disqualify any competitor under this clause.

SEC. 10. *Diving*.—The take-offs for fancy outdoor diving shall consist of three heights—ten, twenty and thirty feet.

There shall be five regulation dives—plain front, plain back, front jack-knife, back jack-knife and one-and-a-half dives.

There shall also be three special dives, to be selected by each of the contestants, but in no case shall such contestant be permitted to give one of the five regulation dives as one of the specials.

In the front jack-knife dive the contestant must strike the water with his head within six feet of a straight line drawn from the edge of the take-off. This same rule applies to the back

jack-knife. All dives must be made head first, and in the special dives a performance in which the contestant enters the water feet first will not be recognized.

There shall be three judges of diving who shall keep separate scores and not be allowed to consult, and the maximum number of points to be given for each of the dives shall be as follows:

PLAIN FRONT AND BACK DIVES.

From the top board.....	7
From the intermediate board.....	6
From the lower board.....	5

FRONT AND BACK JACK-KNIFE.

From the top board.....	8
From the intermediate board.....	7
From the lower board.....	6

ONE-AND-A-HALF DIVE.

From the top board.....	10
From the intermediate board.....	9
From the lower board.....	8

SPECIAL DIVES.

From the top board.....	15
From the intermediate board.....	10
From the lower board.....	8

The fancy diving indoor championship shall be decided from a board at a maximum height of ten feet from the water and a minimum of six feet, the dives to be given as in outdoor events, the points to count as follows:

Plain front and back dives, maximum of.....	5
Front and back jack-knife, maximum of.....	6
One-and-a-half, maximum of.....	10
Special Dives, maximum of.....	12

SEC. II. *Plunge for Distance.*—The maximum height of take-off for the plunge for distance shall be limited to eighteen inches above the surface of the water.

A plunge shall be a standing dive, made head first from an indicated firm take-off (i.e., "diving base"), free from spring. The body is to be kept motionless—face downward—and no progressive action to be imparted to it other than impetus of the dive.

The plunge shall terminate, if the competitor has not already raised his face above the surface of the water, at the expiration of 60 seconds, or such time as may have been previously announced by the promoting body. The duration of such plunge

shall be reckoned from the time the competitor dives from the take-off.

At the finish of any plunge the competitor must leave the water as quietly as possible. Any one disturbing the water so as to interfere with the progress of the competitor following to be disqualified.

The distance traversed in a plunge shall be measured along a straight line, at right angles to the diving base, to a line parallel to the diving base, over the farthest point reached by any portion of the competitor's body while fulfilling the above conditions.

In championship or level contests each competitor shall be allowed three plunges, and the farthest plunge shall win. In handicaps, the number of plunges shall be left to the discretion of the promoting club.

When a contestant touches the side of the tank or pool, his distance shall be taken and he shall be compelled to stop.

A line may be made or painted along the bottom of the pool or tank to enable the contestants to guide themselves.

SEC. 12. Miscellaneous.—A competitor in turning must touch the end of the bath or course with one or both hands before kicking off.

The contestant in a handicap race who has the lowest handicap shall have the choice of position.

Where two men are on the same mark they shall draw for choice of position.

In case of a dead heat in a handicap the contestant with the lowest handicap shall be declared the winner. Where a dead heat occurs between two men on the same mark the tie shall be decided by a swim-off on the same day, or the one refusing to swim shall be given the second prize.

Choice of position shall be drawn for in races other than handicap.

When a trophy or prize is given to a club scoring the greatest number of points in a meeting the points shall be counted as follows:

First in swim, plunge or dive.....	5
Second in swim, plunge or dive.....	3
Third in swim, plunge or dive.....	1
First relay	10
Second relay	6
Third relay	2
First water polo	15
Second water polo	9
Third water polo	3

No record shall be accepted for a swimming race that has been made in a tank or pool less than sixty feet in length.

No performance made in a handicap competition shall be allowed as a record unless at least three watches shall have been started on the competitor claiming such record.

No record shall be allowed for an indoor performance where the distance does not finish at the end of the bath or tank, unless a rope, to indicate the finish, is stretched across the bath or tank at a sufficient height from the surface of the water not to interfere with the swimmer, and the time taken when the competitor's head passes the line.

RULE XXXI.

All organizations who have received sanction for any contests where prizes are offered on entry blanks, shall be required to send to the local registration committee, before the date of the games, a copy of their entry blank, and must state the value of the prizes to be given for each event.

After November 19th, 1900, no sanction will be given to any organization which shall fail to give prizes as stated on their entry blanks, and from the same date, with every sanction granted, shall be sent a copy of Section 6, Article XI., of the Constitution and this rule.

A. A. U. BOXING RULES

1. In all open competitions the ring shall be not less than 16 feet nor more than 24 feet square, and shall be formed of 8 stakes or ropes, the latter extending in double lines, the uppermost line 4 feet from the floor and the lower line 2 feet from the floor.

2. Competitors to box in regulation athletic costume, in shoes without spikes, or in socks, and to use boxing gloves of not more than 8 ounces in weight.

3. Weights to be: Bantam, 105 lbs. and under; Feather, 115 lbs. and under; Light, 135 lbs. and under; Welter, 145 lbs. and under; Middle, 158 lbs. and under; Heavy, 175 lbs. and over.

4. Any athlete who weighs in and then fails to compete, without an excuse satisfactory to the Games Committee, shall be suspended for six months. All weighing in shall cease as soon as the first bout of the tournament on each night is commenced.

5. In all open competitions the result shall be decided by two Judges, with a Referee. A Timekeeper shall be appointed.

6. In all competitions the number of rounds to be contested shall be three. The duration of rounds in the trial bout shall be limited to three minutes each. In the "finals" the first two rounds will be three minutes each and the final round four minutes. The interval between each round shall be one minute.

7. In all competitions any competitor failing to come up when time is called shall lose the bout.

8. Immediately before the competition each competitor who has weighed in shall draw in person his number and compete as follows: Have a preliminary round of as many contests as the total number of contestants can be divided by two. In case any contestant does not compete in the preliminary series, he shall be allotted a number in the next series of bouts, so as to avoid the possibility of again drawing a bye. This leaves 2, 4, 8 or 16 contestants, and the rounds then proceed regularly without byes or uneven contests.

9. Each competitor shall be entitled to the assistance of two seconds only, and no advice or coaching shall be given to any competitor by his seconds or either of them, or by any other person during the progress of any round. For a violation of this section the Referee may disqualify the competitor who is so advised or coached.

10. The manner of judging shall be as follows: The two Judges and Referee shall be stationed apart. At the end of each bout each Judge shall write the name of the competitor who in his opinion has won, and shall hand the same to the

Announcer (or Master of Ceremonies). In case the Judges agree, the Master of Ceremonies shall announce the name of the winner; but in cases where the Judges disagree, the Master of Ceremonies shall so inform the Referee, who shall thereupon himself decide.

11. The Referee shall have power to give his casting vote when the Judges disagree, to caution or disqualify a competitor for infringing rules, or to stop a round in the event of either man being knocked down, providing that the stopping of either of the first two rounds shall not disqualify any competitor from competing in the final round to decide the competition in the event of either man showing so marked a superiority over the other that a continuation of the contest would serve only to show the loser's ability to take punishment. And the Referee can order a further round, limited to two minutes, in the event of the Judges disagreeing.

12. The decision of the Judges or Referee, as the case may be, shall be final.

13. In all competitions the decision shall be given in favor of the competitor who displays the best style and obtains the greatest number of points. The points shall be: For attack, direct clean hits with the *knuckles* of either hand, on any part of the front or sides of the head, or body above the belt; defence guarding, slipping, ducking, counter-hitting or getting away. Where points are otherwise equal, consideration to be given the man who does most of the leading off.

14. The Referee may disqualify a competitor who is boxing unfairly, by kicking, or hitting with the open glove, by hitting with the inside or butt of the hand, the wrist or elbow, hitting or catching hold below the waist, or hitting when down (one knee and one hand or both knees on the floor), butting with the head or shoulder, wrestling or roughing at the ropes, using offensive and scurrilous language, or not obeying the orders of the Referee.

15. The contestant who has last been defeated by the winner shall receive second prize; and all who have been beaten by the winners of either first or second place shall be entitled to compete for third place.

16. Any athlete who competes in a boxing contest of more four rounds shall be suspended for such stated period as may be determined by the Board of Managers of the Association of the Amateur Athletic Union in whose territory the offence was committed.

17. In the event of any question arising not provided for in these rules, the Referee to have full power to decide such question or interpretation of rule.

AMERICAN WATER POLO RULES

Rule No. 1.—The Ball. The ball shall be the regulation white rubber Association, not less than seven inches nor more than eight inches in diameter, inflated about seven-eighths full, and shall be inspected by the referee before putting it in play to see that the inflation is as prescribed.

Rule No. 2.—The Playing Area. The playing area shall be a space optional in size, but preferably 40x60 or 25x75 feet, marked as follows: A mark on each side equally distant from the ends to show the centre. Marks four feet from each end, on both sides of pool or playing area and imaginary lines between these marks to be called the "four-foot lines." Marks two feet from each end of the goals and imaginary lines from them at right angles to the four-foot lines. The spaces so bounded (four feet by eight feet) to be called "goal sections." Marks fifteen feet from the ends and imaginary lines between these marks to be called "fifteen-foot lines."

Rule No. 3.—The Goals. The goals shall be spaces four feet long, twelve inches high, marked "Goal" in large letters, at each end of the playing area, eighteen inches above the water and equally distant from either side. To score a "goal" the goal must be touched by the ball while it is in contact with the hand of a player from the other side.

Rule No. 4.—The Teams. A.—A team shall consist of six men, with two reserve men who may be substituted any time the ball is not in play. A player leaving the game cannot return. No prize shall be given to a member of the team who does not actively participate in the game.

B.—The start shall be made by both teams lining up at their respective ends, and the ball shall be placed in the centre of the tank or pool by the referee and held there with a pole fitted to a ring until the whistle is blown, start for the ball being made only at sound of the whistle. In case of a false start teams shall line up as before. Three false starts constitute a foul.

C.—After each goal and after time has been called by the referee for the purpose of cautioning general fouling, repairing of suits, introducing of substitutes, or taking a player

from the game, the teams shall line up as at the start of the game. The referee, when he finds it necessary to caution one or more players may stop and start the game without lining up, if the general positions of ball and players remain unchanged.

Rule No. 5.—The Captains. The captains shall be playing members of the teams and shall toss for choice of ends, at start of play. The ends shall be changed in the second half and tossed for again if an extra period be played. The captain of either team may call for time at any period of the game, for the purpose of repairing suits and introducing substitutes, provided his side is in possession of the ball, by raising his hand and calling "time." All protests to officials must come through the captains. Any player questioning the decision of the officials shall be reprimanded for the first offence, and may be disqualified from further participation in the game for a second offence.

Rule No. 6.—The Time. The time of play shall be sixteen minutes' actual play, divided into two halves of eight minutes each, with an intermission of five minutes between. Time occupied by disputes, repairing suits, replacing men and lining up for a new start shall not be counted as time of play. In case of a tie score at the end of the second half, extra periods shall be played until one side scores, this score deciding the game. Time of play may be shortened or intermission lengthened by mutual agreement of captains, except in championship games.

Rule No. 7.—The Officials. A.—There shall be a referee and four goal judges. Each team shall appoint two goal judges, one to serve at each goal. It shall be the duty of the goal judges to notify the referee upon a goal being scored and only in case the judges disagree shall the referee have the power to decide whether the goal be fairly made or not. The judges may call the attention of the referee to fouls that escape his notice.

B.—The referee shall decide all fouls and shall caution the teams for the first offense and shall give the offended side a free try for goal for each succeeding foul. His decision is final and without appeal.

C.—The referee shall report in writing to the Registration Committee of the Association in whose territory the game is held, all players who are excluded from the game for any cause, giving full particulars of the occurrence.

D.—In all championship games the referee shall be appointed by the Championship Committee.

Rule No. 8.—The Ball in Play. A.—The ball shall be kept on or as near the surface as possible and shall never intentionally be carried under water. Under no circumstances shall the man swim more than eight feet under water with the ball, and then only when forced under by an opponent. No goal can be scored on an under-water pass.

B.—The ball going out of the playing area shall be returned to the place from which it was thrown and given to the opposite team unless this places them in possession of the ball within their opponents' four-foot line, when they shall receive the ball on the fifteen-foot line.

* Rule No. 9.—The Players. A.—No player shall be allowed inside the four-foot line until the ball is within it, the goal tenders, two in number, of the defending side alone being exempt from this rule. When the ball is within this line the goal tenders shall not be allowed artificial support other than the bottom of the pool or playing area. Exception: When one of the defending or one of the attacking players enters the four-foot zone by mistake, and corrects it at once, the mistake in no way affecting the play, the foul shall not be counted.

B.—No player shall tackle an opponent unless said opponent is within four feet of the ball, except when the ball is inside the goal section, when indiscriminate tackling within that space is allowed. A player, in covering an opponent, may block him but shall not lay hands on him except as above.

C.—No player shall hold onto the sides or ends of the tank except for the purpose of resting and shall take no part in the play while resting.

D.—A player put out of the game on account of roughness or continued fouling, cannot return to the game at the expiration of his time limit if the ball is within his own fifteen-foot line in possession of his opponents, nor can he re-enter the game until the ball so held passes out of the said fifteen-foot line.

Rule No. 10.—Fouls. A foul is the breaking of any rule. It shall be a foul to tackle an opponent not within four feet of the ball or to cross the four-foot line ahead of the ball unless forced over by an opponent; or to hold onto the sides of the

tank except for the purpose of resting, or to tackle an opponent by the costume. Unnecessary rough work, such as slugging, kicking, continuing to tackle a player after time has been called or the play stopped for any cause, may in the discretion of the referee, either be counted an ordinary foul, or he may put the offender or offenders out of the game for a specified period of time, or until a goal is scored or the half ends. During a free try for goal, if a man is put out of the game no player shall replace him inside the fifteen-foot line until the free try ends.

Exceptions.—If the defending side fouls after the ball is within their four-foot line and the goal is scored the foul shall not be counted. If, however, the attacking side fails at the goal they shall at once be given a free try. If the attacking side fouls and before the foul is called they make a goal the loss of this goal shall be the only penalty and no free try shall be given the offended side.

Rule No. 11.—Free Try. A "free try" for goal is given by lining up three men from the offended side outside their opponents' fifteen-foot line with the ball, and three men from the offending side behind their four-foot line, when the offended side may try for goal until one is scored or the ball goes outside the fifteen-foot line. Only three men from each side shall be within the fifteen-foot line until after the "free try" ends, i. e., until the goal is made or the ball passes outside the fifteen-foot line, when play is resumed by all players.

Rule No. 12.—Stopping Play. When for any reason the referee wishes to call time or stop the play during the half, a pistol shall be fired. This signal shall immediately render the ball dead, and the ball so stopped shall not again be put in play except by the referee.

RELAY RACING RULES

1. A line shall be drawn twenty feet in front of each starting line. Between these two lines each runner must touch the succeeding runner. Failure to do this shall disqualify the team in that event. There shall be Judges of Relay Racing whose duties it shall be to see that all touches are properly made.

2. The same rules with reference to fouling, coaching or impeding a runner in any manner, apply to relay racing as to other running events.

3. In the case of a handicap relay race, the runner on the first relay is granted the total handicap allowed each team.

4. No member of a relay team, in order to relieve his team mate, can run back of the line. No man can run two relays in any one team.

5. Only those are allowed to run in the final heat of a Relay Race who have competed in the trial heats.

6. The positions of the teams must be drawn for.

7. In all Relay Races an announcement must be made as to what distance each man is to run in his relay. Any man failing to run the distance required shall cause his team to be disqualified. And the failing of any one man to run his full relay shall cause the team to be disqualified.

EXPLANATION.

Paragraph 2. Each runner must actually touch the succeeding runner; overlapping or making an attempt and failing cannot be considered a touch-off. The twenty feet in front is given for the sole purpose of making a man wait to be touched and the referee has no other alternative than to disqualify an athlete who fails to touch the succeeding runner on his attempt, which latter, however, shall start from the starting line.

STEEPLECHASING RULES

In the steeplechase, every competitor must go over or through the water, and any one who jumps to one side or the other of the water jump shall be disqualified by the Referee. The hurdles and jumps shall not be over three feet in height and there shall be twenty hurdles to every mile.

WHEN AN AMATEUR BECOMES A PROFESSIONAL

The Amateur Athletic Union of the United States, without enlarging or diminishing or in any way modifying the provisions of the Constitution, By-Laws and General Rules, to which for more explicit information reference must always be had, hereby authorizes the following as a

Summary of the tests which have been applied in the determination of questions of amateur standing.

An athlete becomes a professional if he

- (1) Enters a competition for money or for prizes of more than \$35 in value. (Const., Art. X, Sec. 1 (1), Secs. 3, 4.)
- (2) Sells or pawns his prizes. (Const., Art. X, Sec. 1, (4).)
- (3) Accepts a purse of money (Const., Art. X, Sec. 1 (1).)
- (4) Enters a competition under a false name. (Const., Art. X, Sec. 1 (2).)
- (5) Enters a competition open to a professional, or knowingly competes with a professional. (Const., Art. X, Sec. 1 (3).)
- (6) Issues a challenge to compete for money or its equivalent. (Const., Art. X, Sec. 1 (4).)
- (7) Receives reward for becoming or continuing a member of an Athletic Organization. (Const., Art. X, Sec. 1 (1).)
- (8) Teaches, trains, or coaches in an athletic sport for money or any valuable consideration. (Const., Art. X, Sec. 1 (1).)

An athlete is disqualified from competing as an amateur who has committed any of the following acts:

- (1) Entering or competing against others than registered amateurs in good standing. (Const., Art. X., Sec. 1 (6), Sec. 2, General Rule 1).
- (2) Competing from an organization.
 - (a) In whose employ he is. (Const., Art. X, Sec. 1 (1).)
 - (b) In which he is not a member in good standing. (Const., Art. X, Sec. 1 (2).)
 - (c) When he has competed from another organization within three months. (Art. X, Sec. 2.)
 - (d) When he has competed from another existing organization within a year, except upon written release from that organization. (Const., Art. X, Sec. 2.)

(3) Violating the rules of affiliated bodies when in their games. (Const., Art. X, Sec. 4.)

(4) Acting in a discourteous or unfair manner. (Const., Art. XI, Secs. 11-12.)

(5) Competing when knowingly under suspension. (Const., Art. X, Sec. 4; Art. XI, Sec. 9, General Rule 1.)

(6) Competing in games not duly authorized. (General Rule 1.)

(7) Entering open games when unregistered. (Const., Art. X, Sec. 1 (6).)

(8) Refusing to testify. (Const., Art. XI, Sec. 10.)

For the purpose of defining the position of the Amateur Athletic Union in regard to certain matters which have been the subject of some discussion, the following construction of our Constitution, By-Laws and Rules is authorized and promulgated:

(1) In sports over which the Amateur Athletic Union has not assumed jurisdiction, the following are recognized as governing bodies:

National Association of Amateur Oarsmen.

United States Golf Association.

United States National Lawn Tennis Association.

National Archery Association.

National Roque Association.

Amateur Fencers League of America.

The Amateur Athletic Union recognizes the right of collegiate associations and scholastic associations to govern themselves and to compete among themselves without registration or sanction of the Amateur Athletic Union; but teams other than track teams duly authorized to represent an educational institution may only compete with teams of outside organizations when such latter teams are duly registered.

Unless the team representing the educational institution is properly authorized to represent its institution, both teams must be registered.

At all meetings held under the management of educational institutions all athletes competing who are not members of educational institutions must be registered.

An athlete cannot compete as an amateur who has coached or instructed for money or received excessive expenses, or played with or against professionals in baseball or football, except that this shall not apply to the individuals of a team composed entirely of amateurs which has played against a professional team. A single professional player on a team makes the team professional.

Spalding Vaulting Poles—Selected Spruce, Solid

The greatest care has been exercised in making these poles. In selecting the spruce only the most perfect and thoroughly seasoned pieces have been used. All of our tests would seem to prove that they are, the only poles really fit and safe for an athlete to use.

No. 103. 14 ft long. Ea., \$6.00 No. 104. 16 ft. long. Ea., \$7.00

We guarantee all of our wood vaulting poles to be perfect in material and workmanship, but we do not guarantee against breaks while in use, as we have found in our experience that they are usually caused by improper use or abuse.

Spalding Bamboo Vaulting Poles

Owing to differences in climatic conditions it is impossible to keep Bamboo Vaulting Poles from cracking. These cracks or season checks do not appreciably detract from the merits of the poles, although they may be wide open and extend through several sections on one side. All of our tests would seem to prove that poles with season checks may be accepted as safe and durable. Very frequently such splits or season checks can be entirely closed by placing the pole in a damp place for a day or so.

Tape wound at short intervals. Thoroughly tested before leaving our factory. Fitted with special spike.

AN entire system of Physical Culture is embraced within the exercises possible with these wonderful dumb bells.

The bells are made in two halves connected by steel springs, the effort necessary in gripping compelling the pupil to continually devote his whole mind to each movement. This concentration of will power on each muscle involved is what is responsible for the great results obtained through properly exercising with them.

The Spalding Disk Platform

Home Apparatus

"Many forms of exercise are indulged in by folk desirous of improving their physical condition, but none of them is more attractive and at the same time more beneficial than bag punching. Arms, shoulders, hands, wrist, the neck and legs are brought into play individually and in combination in bag punching. Aside from the development in these parts of the body, the shoulders are made square and upright, the chest is broadened, the eye quickened and the brain stimulated. The direct result is a new being for the bag puncher."—*Extract from Spalding's Athletic Library, No. 191, "Bag Punching."*

Bag is NOT Included with this Platform

Patented April 19, 1904

Can be put up in a very small space and taken down quickly when not in use by simply detaching the pipe fixture from the wall plate.

The metal disk against which the bag strikes constitutes one of the best features ever incorporated in an arrangement of this character, rendering it almost noiseless and very quick in action.

This disk also combines an adjustable feature that is simple to operate and makes it possible for various members of the family to use the same disk.

A striking bag disk must be substantial if it is to be of use, and in the two styles, both adjustable and braced, which we list, this feature has not been neglected, while we have striven to put out a disk which is suitable for home use and moderate in price.

Spalding Exercising Equipment for Home Use

The apparatus listed in this catalogue is designed particularly for private use; i. e., in homes and private gymnasiums. It retains the same superior marks of quality which distinguish the regular line of gymnasium apparatus manufactured by A. G. Spalding & Bros., and which we supply on contract equipment from our Gymnasium Contract Department at Chicopee, Mass.; but its distinctive design permits it to be sold at a price more in keeping with its use than heretofore obtainable, without any sacrifice of practical value or durability. We give below suggestions for moderate priced outfits made up of various apparatus and exercising implements listed in this catalogue. We issue special catalogues showing apparatus which we supply on contract equipment, and copies will be sent to interested parties on application to A. G. Spalding Exercising Equipment for Recreation Rooms

Exercising apparatus, suitable for home use, and not altogether by the boys and girls of the household, but also by the grown-ups; as a matter of fact, the ones who usually require exercise of a rational kind much more than the younger generation, who have the time and inclination for outdoor exercise not possessed by many of their elders—that is what we will attempt to show in this section of our catalogue.

Using Spalding Home Exercising Apparatus, Chest Weights, etc., properly, and in connection with the instructions given in our various Athletic Libraries there is no reason why any man cannot practically renew his youthful vigor by regular exercise.

Many banking, mercantile and manufacturing establishments maintain athletic clubs of their employees and have installed Spalding Outfits of Gymnasium Apparatus in their club and recreation rooms for their use. The suggested combinations shown on these pages, illustrate only a few of the sets of exercising apparatus which may be made up from the goods listed in this catalogue.

Spalding Exercising Equipment for Small Athletic Clubs

What are to-day the largest, most prominent and most influential athletic clubs and associations in this country started from small groups of young men banded together originally as base ball, rowing or swimming clubs, and who, with the idea of retaining their organization during the entire year, commenced in a small way and in modest quarters to build up a regular athletic organization covering a number of athletic sports. With the idea of interesting small athletic clubs, we show on this page two medium-priced outfits of gymnasium apparatus suitable for small club rooms. We do not recommend these outfits to clubs with a large membership, or to those who are in shape to have a regular gymnasium in a complete club house. For such organizations, also for schools, colleges and other institutions, we maintain a special contract department, with staff of experts who will gladly give full information regarding the complete line of Spalding Gymnasium Equipment for regular Indoor or Outdoor Playground use. We issue special catalogues showing apparatus that we supply on contract equipment, and copies will be sent to interested parties on application to A. G. Spalding & Bros., Inc., Chicopee, Mass., Gymnasium Contract Department.

Spalding Adjustable Doorway Horizontal Bar

No. A. The bar itself is made of selected hickory, having steel tubular ends into which iron sockets screw, holding rubber cushions. The socket on one end contains a left hand thread, on the other end a right hand thread. By fitting the bar in the doorway and turning it with the hands the ends are made to expand and the friction applied by the rubber against the sides of the doorway is sufficient to sustain the weight of a heavy man. This bar may be used for chinning exercises, being adjustable to any height, also for abdominal work as shown by cuts in margin of this page. Size of doorway in which bar will be used must be stated when ordering, as the adjustment is not great enough to meet all requirements in one size bar. Each, **\$4.00**

This No. A Bar is supplied regularly to fit any doorway under 33 inches in width.

Bars to fit wider doorways. Extra, **50c.**
Should not be used above 48 inches.

Home Apparatus

Exercise is a debt that every man owes to his constitution and he cannot pay it up too promptly. Heredity gave you as a gift a certain quota of health. Posterity demands that you increase that quota to as great an extent as possible. Even if you do not value health for yourself, you should have enough consideration for those who are to come after you to leave them no greater handicap in the race of life than you started with yourself. To do this it is not necessary that you become an athlete or neglect your business affairs. Good health simply necessitates that you take a moderate amount of exercise in a rational way.

Spalding Doorway Horizontal Bar

No. 101. The keys fastened to each end of bar fit in the side sockets, which are secured to door jamb and hold the bar firmly in place. The parts are of malleable iron, very light, yet strong enough to sustain the heaviest man. The bar may be quickly removed when not in use, leaving no projecting part. Complete with parts. **\$2.00**

This No. 101 Bar is supplied regularly to fit any doorway under 37 inches. Bars to fit wider doorways, Extra **50c.** Should not be used above 48 inches.

Extra sockets for doorway. Pair, **50c.**
With two pairs of sockets the bar may be used for either chinning or abdominal exercises.

Durand-Steel Lockers

Wooden lockers are objectionable, because they attract vermin, absorb odors, can be easily broken into, and are dangerous on account of fire.

Lockers made from wire mesh or expanded metal afford little security, as they can be easily entered with wire cutters. Clothes placed in them become covered with dust, and the lockers themselves present a poor appearance, resembling animal cages.

Durand-Steel Lockers are made of finest grade furniture steel and are finished with gloss black, furnace-baked japan (400°), comparable to that used on hospital ware, which will never flake off nor require refinishing, as do paints and enamels.

Some of the 8,000 Durand-Steel Lockers installed in the Public Gymnasiums of Chicago. 12"x15"x42", Double Tier.

Durand-Steel Lockers are usually built with doors perforated full length in panel design with sides and backs solid. This prevents clothes in one locker from coming in contact with wet garments in adjoining lockers, while plenty of ventilation is secured by having the door perforated its entire length, but, if the purchaser prefers, we perforate the backs also.

The cost of Durand-Steel Lockers is no more than that of first-class wooden lockers, and they last as long as the building, are sanitary, secure, and in addition, are fire-proof.

THE FOLLOWING STANDARD SIZES ARE
THOSE MOST COMMONLY USED:

DOUBLE TIER	SINGLE TIER
12 x 12 x 36 inch	12 x 12 x 60 inch
15 x 15 x 36 inch	15 x 15 x 60 inch
12 x 12 x 42 inch	12 x 12 x 72 inch
15 x 15 x 42 inch	15 x 15 x 72 inch

SPECIAL SIZES MADE TO ORDER.

We are handling lockers as a special contract business, and shipment will in every case be made direct from the factory in Chicago. If you will let us know the number of lockers, size and arrangement, we shall be glad to take up, through correspondence, the matter of prices.

Standard Policy

A Standard Quality must be inseparably linked to a Standard Policy.

Without a definite and Standard Mercantile Policy, it is impossible for a manufacturer to long maintain a Standard Quality.

To market his goods through the jobber, a manufacturer must provide a profit for the jobber as well as the retail dealer. To meet these conditions of Dual Profits, the manufacturer is obliged to set a proportionately high list price on his goods to the consumer.

To enable the glib salesman, when booking his orders, to figure out attractive profits to both the jobber and retailer, these high list prices are absolutely essential; but their real purpose will have been served when the manufacturer has secured his order from the jobber, and the jobber has secured his order from the retailer.

However, these deceptive high list prices are not fair to the consumer, who does not, and, in reality, is not ever expected to pay these fancy list prices.

When the season opens for the sale of such goods, with their misleading but alluring high list prices, the retailer begins to realize his responsibilities, and grapples with the situation as best he can, by offering "special discounts," which vary with local trade conditions.

Under this system of merchandising, the profits to both the manufacturer and the jobber are assured; but as there is no stability maintained in the prices to the consumer, the keen competition amongst the local dealers invariably leads to a demoralized cutting of prices by which the profits of the retailer are practically eliminated.

This demoralization always reacts on the manufacturer. The jobber insists on lower, and still lower, prices. The manufacturer in his turn, meets this demand for the lowering of prices by the only way open to him, viz.: the cheapening and degrading of the quality of his product.

The foregoing conditions became so intolerable that, ten years ago, in 1899, A. G. Spalding & Bros. determined to rectify this demoralization in the Athletic Goods Trade, and inaugurated what has since become known as "The Spalding Policy."

The "Spalding Policy" eliminates the jobber entirely, so far as Spalding Goods are concerned, and the retail dealer secures his supply of Spalding Athletic Goods direct from the manufacturer under a restricted retail price arrangement by which the retail dealer is assured a fair, legitimate and certain profit on all Spalding Athletic Goods, and the consumer is assured a Standard Quality and is protected from imposition.

The "Spalding Policy" is decidedly for the interest and protection of the users of Athletic Goods, and acts in two ways:

FIRST—The user is assured of genuine Official Standard Athletic Goods, and the same fixed prices to everybody.

SECOND—As manufacturers, we can proceed with confidence in purchasing at the proper time, the very best raw materials required in the manufacture of our various goods, well ahead of their respective seasons, and this enables us to provide the necessary quantity and absolutely maintain the Spalding Standard of Quality.

All retail dealers handling Spalding Athletic Goods are required to supply consumers at our regular printed catalogue prices—neither more nor less—the same prices that similar goods are sold for in our New York, Chicago and other stores.

All Spalding dealers, as well as users of Spalding Athletic Goods, are treated exactly alike, and no special rebates or discriminations are allowed to anyone.

Positively, nobody; not even officers, managers, salesmen or other employees of A. G. Spalding & Bros., or any of their relatives or personal friends, can buy Spalding Athletic Goods at a discount from the regular catalogue prices.

This, briefly, is the "Spalding Policy," which has already been in successful operation for the past ten years, and will be indefinitely continued.

In other words, "The Spalding Policy" is a "square deal" for everybody.

Standard Quality

An article that is universally given the appellation "**Standard**" is thereby conceded to be the Criterion, to which are compared all other things of a similar nature. For instance, the Gold Dollar of the United States is the Standard unit of currency, because it must legally contain a specific proportion of pure gold, and the fact of its being Genuine is **guaranteed** by the Government Stamp thereon. As a protection to the users of this currency against counterfeiting and other tricks, considerable money is expended in maintaining a Secret Service Bureau of Experts. Under the law, citizen manufacturers must depend to a great extent upon Trade-Marks and similar devices to protect themselves against counterfeit products—without the aid of "Government Detectives" or "Public Opinion" to assist them.

Consequently the "Consumer's Protection" against misrepresentation and "inferior quality" rests entirely upon the integrity and responsibility of the "Manufacturer."

A. G. Spalding & Bros. have, by their rigorous attention to "Quality," for thirty-three years, caused their Trade-Mark to become known throughout the world as a Guarantee of Quality as dependable in their field as the U. S. Currency is in its field.

The necessity of upholding the guarantee of the Spalding Trade-Mark and maintaining the Standard Quality of their Athletic Goods, is, therefore, as obvious as is the necessity of the Government in maintaining a Standard Currency.

Thus each consumer is not only insuring himself but also protecting other consumers when he assists a Reliable Manufacturer in upholding his Trade-Mark and all that it stands for. Therefore, we urge all users of our Athletic Goods to assist us in maintaining the Spalding Standard of Excellence, by insisting that our Trade-Mark be plainly stamped on all athletic goods which they buy, because without this precaution our best efforts towards maintaining Standard Quality and preventing fraudulent substitution will be ineffectual.

Manufacturers of Standard Articles invariably suffer the reputation of being high-priced, and this sentiment is fostered and emphasized by makers of "inferior goods," with whom low prices are the main consideration.

Goods, with a reputation to uphold and a higher price than a manufacturer of cheap or Standard Quality depends principally
